Title:	Food Hygiene for Children with Learning Difficulties
Year:	2017
Author:	Nikolaos Manesis, Angelopoulou Paraskev
Abstract:	During the last decade, more and more Erasmus programs are being imple mented in Greek schools, although not enough programs engaging children with learning difficulties and/or special needs. Through Erasmus programs, stu dents, teachers and their communities have the opportunity to boost their skills. enhance their knowledge and modernize education. In particular, an Erasmus+ project on Health Education (EduForHealth)1 has been implemented in integrated primary schools in West.
