| Title: | Food Hygiene for Children with Learning Difficulties |
| Year: | 2017 |
| Author: | Nikolaos Manesis, Angelopoulou Paraskev |
| Abstract: | During the last decade, more and more Erasmus programs are being implemented in Greek schools, although not enough programs engaging children with learning difficulties and/or special needs. Through Erasmus programs, students, teachers and their communities have the opportunity to boost their skills. enhance their knowledge and modernize education. In particular, an Erasmus+ project on Health Education (EduForHealth) ¹ has been implemented in integrated primary schools in West. |
