By letter from the Ministry of Finance of 16 Shewal, 1289, agriculturists, for the purpose of assessing the Temettu tax, are divided into three classes. The first comprises those who, having sufficient land, do not engage in commerce but are always occupied with agriculture even though they should take charcoal or other material to town twice or thrice a year for sale, or transport goods with their carts in order to provide for the necessities of their existence. These are exempt from Temettu. The second comprises those who, not having sufficient land for their subsistence, besides their own, work other peoples' land for hire or in partnership or do business with charcoal, firewood, &c. Temettu should be collected from these according to their assessed profits derived from sources other than the cultivation of their lands. (This category does not include those who hire other peoples' lands for the purpose of farming and who pay tithe on the produce raised upon such land: these are exempt from Temettu.) The third comprises those who may have sufficient land for their subsistence yet, being well off and doing business in other ways, leave their agricultural business to be carried on by their farm servants and employés. Temettu should be collected from these in proportion to their profits other than those derived from the cultivation of their lands.

Further the Government has ruled that a man who carries on a lucrative business in addition to agriculture should be assessed for and pay Temettu on the profits derived from such business.

Gardeners are to be dealt with in the same manner as agriculturists.

XI. What was the annual amount of the prisoners' earnings during 1892—93?	Taking an average of the number of prisoners employed on Public Works and valuing their labour at 4½c.p. per man per diem, the value of the services of the convicts during the year may be put at £2,603 15s. The estimated value of the labour of prisoners employed on industrial work (shoe-making, tailoring, weaving, repairing tents and dyeing) is £1,256 2s. XV. Are religious services regularly, or otherwise, performed for the benefit of the prisoners of any, and, if any, what, religious persuasion?	No religious services are held. The Greek Christians confess and receive the sacrament on their chief religious festivals. Greeks and Turks only value a service when held in a church or mosque respectively.
XVI. Are Roman Catholic Priests and Dissenting Ministers allowed free access to prisoners of their own persuasion? and are they apprised when prisoners of their respective persuasions enter the prison?	Access is allowed to priests of all denominations. They are not apprised when prisoners are admitted, but notice would be given if prisoners expressed a wish to see them.
