Artisans who do not keep shops and who receive daily hire for their labour † (a), labourers receiving daily hire † (a), and gardeners of Varoshia who were exempt under Turkish law (b), are exempted from payment of Verghi Temettu.

(a) Order of High
Commissioner of 31st
December, 1889.

(b) Order of High
Commissioner of
22nd June, 1881.

By letter from the Ministry of Finance of 16 Shewal, 1289, agriculturists, for the purpose of assessing the Temettu tax, are divided into three classes. The first comprises those who, having sufficient land, do not engage in commerce but are always occupied with agriculture even though they should take charcoal or other material to town twice or thrice a year for sale, or transport goods with their carts in order to provide for the necessities of their existence. These are exempt from Temettu. The second comprises those who, not having sufficient land for their subsistence, besides their own, work other peoples' land for hire or in partnership or do business with charcoal, firewood, &c. Temettu should be collected from these according to their assessed profits derived from sources other than the cultivation of their lands. (This category does not include those who hire other peoples' lands for the purpose of farming and who pay tithe on the produce raised upon such land: these are exempt from Temettu.) The third comprises those who may have sufficient land for their subsistence yet, being well off and doing business in other ways, leave their agricultural business to be carried on by their farm servants and employes. Temettu should be collected from these in proportion to their profits other than those derived from the cultivation of their lands.

Further the Government has ruled that a man who carries on a lucrative business in addition to agriculture should be assessed for and pay Temettu on the profits derived from such business.

Gardeners are to be dealt with in the same manner as agriculturists.

* The tithe on carobs, cotton and silk cocoons is taken on exportation, the tithe on wound silk at the silk winders.
† By an Order dated the 30th March, 1887, it has been laid down that this exception shall not apply to masons who are builders and contractors as well as masons.
