2. *Irad*.

Law of 14 Djemazi ul-Evvel, 1277, and various Vixerial circulars and Law No. XI. of 1889.

EXEMPTIONS:—

Persons entitled to exemption from tithe on Olive trees, planted under the Law of 29 Zilhidje, 1278, may apply to the *Verghi* Department for exemption from *verghi* on such trees, until the immunity from tithe thereon shall expire.

Artisans who do not keep shops and who receive daily hire for their labour* (a), labourers receiving daily hire* (a), and gardeners of Varoshia who were exempt under Turkish law (b), are exempted from payment of *Verghi Temettu*.

By letter from the Ministry of Finance of 16 Shewal, 1289, agriculturists, for the purpose of assessing the *Temettu* tax, are divided into three classes. The first comprises those who, having sufficient land, do not engage in commerce but are always occupied with agriculture even though they should take charcoal or other material to town twice or thrice a year for sale, or transport goods with their carts in order to provide for the necessities of their existence. These are exempt from *Temettu*. The second comprises those who, not having sufficient land for their subsistence, besides their own, work other peoples' land for hire or in partnership or do business with charcoal, firewood, &c. *Temettu* should be collected from these according to their assessed profits derived from sources other than the cultivation of their lands. (This category does not include those who hire other peoples' lands for the purpose of farming and who pay tithe on the produce raised upon such land: these are exempt from *Temettu*.) The third comprises those who may have sufficient land for their subsistence yet, being well off and doing business in other ways, leave their agricultural business to be carried on by their farm servants and employees. *Temettu* should be collected from these in proportion to their profits other than those derived from the cultivation of their lands.

Order of High Commissioner dated 3th March, 1889, published in *Gazette* No. 230 of the same date.

(a) Order of High Commissioner of 31st December, 1880.

(b) Order of High Commissioner of 22nd June, 1881.

* By an Order dated the 30th March, 1887, it has been laid down that this exception shall not apply to masons who are builders and contractors as well as masons.

SPECIFICATION OF TAXES, DUTIES, &c.

AUTHORITY.

EXEMPTIONS—continued.

Further, the Government has ruled that a man who carries on a lucrative business in addition to agriculture should be assessed for and pay Temettu on the profits derived from such business.

PUBLIC DEBT.

PUBLIC DEBT.

Under an Annex to the Convention of 4th June, 1878, between Great Britain and Turkey the former Power has undertaken to pay to the Porte annually a sum representing the excess of Revenue over Expenditure calculated on the average of the five years preceding the date of the Convention, excluding the produce of State and Crown lands let or sold during that period. The amount to be paid has been determined to be £87,686 per annum; this to be in addition to 4,166,220 okes of Salt to be paid in kind.

The sum of £113 11s. 3d. per annum has also become payable, under the same Annex, since the 4th September, 1884, when the Cyprus Government took over the administration of the Lighthouse Service in the Island. This sum represents 22% of the receipts of the Ottoman Lighthouse Administration which the Sublime Porte enjoyed under the concession granted the Company for lighting the Coast of Cyprus.

By a further Agreement of 3rd Februray, 1879, a further sum of £5,000 is to be paid annually to the Porte in respect of the produce of State lands.

A sum of £21,000 to be provided for by a loan has been expended on Irrigation, and £1,000 by way of interest and Sinking Fund is provided in the annual Estimates.

*Questions.**Answers.*

XIV. Is there, or are there, any Chaplain or Chaplains of any, and what, religious persuasions?

There are no Chaplains attached to the prisons. Priests of all denominations are admitted at the request of the prisoners.

XV. Are religious services regularly, or otherwise, performed for the benefit of the prisoners of any, and, if any, what, religious persuasion?

No religious services are held. The Greek Christians confess and receive the sacrament on their chief religious festivals. Greeks and Turks only value a service when held in a church or mosque respectively.

XVI. Are Roman Catholic Priests and Dissenting Ministers allowed free access to prisoners of their own persuasion? and are they apprised when prisoners of their respective persuasions enter the prison?

Access is allowed to priests of all denominations. They are not apprised when prisoners are admitted, but notice would be given if prisoners expressed a wish to see them.
