NOTE.—All other tithes have been suspended or abolished, or replaced by Tithe Dues leviable on Exportation. (See page 8.)

TAX ON ANIMALS.

Sheep and Goat Tax.

2½ silver piastres (3¾ c.p.) per head yearly on every sheep and 5 c.p. per head yearly on every goat one year old and upwards.

Ottoman Regulation 8th February, 1871, Sec. 2 (*c*) of Law XI. of 1897.

The tax on goats may be increased and that on sheep decreased by the High Commissioner in Council provided that no increase shall be made in the total amount receivable as calculated upon the basis of the last preceding official returns of the numbers of sheep and goats in the Island.

Sheep and Goats not produced by the owners at the first official enumeration and uncounted thereat are liable to double tax.

Pig Tax.

4½ c.p. per head yearly on every pig over three months old.

Ottoman Regulation 10th February, 1870, and instructions of the High Commissioner of the 12th August, 1879.

Pigs not produced by the owners at the first official enumeration and uncounted thereat are liable to double tax.

VERGHI.

1. *Kimat.*

4 per 1,000 on the capital value of lands, houses and other immoveable property.

2. *Irad.*

4 per cent. on the rental of houses and other buildings and of lands leased under "The Public Lands (Leases) Ordinance, 1882," if sublet (*in addition to Verghi Kimat*).

Law of 14 Djemazi-ul-Evvel, 1277, and various Vizierial circulars and Law No XI. of 1889.

Exemptions.

Persons who under the Law of 29 Ziilhidje, 1278, would have been entitled to exemption from tithe on olive trees planted by them may apply to the Verghi Department for exemption from verghi on such trees until such time as the immunity from tithe thereon would have expired if the tithe on olives were still leviable.

Order of High Commissioner dated 8th March, 1889, published in *Gaz.* No. 280 of the same date.

Artisans who do not keep shops and who receive daily hire for their labour * (*a*), labourers receiving daily hire * (*a*), and gardeners of Varoshia who were exempt under Turkish law (*b*), are exempted from payment of Verghi Temettu.

(*a*) Order of High Commissioner of 31st December, 1880.
(*b*) Order of High Commissioner of 22nd June, 1881.

By letter from the Ministry of Finance of 16 Shewal, 1289, agriculturists, for the purpose of assessing the Temettu tax, are divided into three classes. The first comprises those who, having sufficient land, do not engage in commerce but are always occupied with agriculture even though they should take charcoal or other material to town twice or thrice a year for sale, or transport goods with their carts in order to provide for the necessities of their existence. These are exempt from Temettu. The second comprises those who, not having sufficient land for their subsistence, besides their own, work other peoples' land for hire or in partnership or do business with charcoal, firewood, &c. Temettu should be collected from these according to their assessed profits derived from sources other than the cultivation of their lands. (This category does not include those who hire other peoples' lands for the purpose of farming and who pay tithe on the produce raised upon such land: these are exempt from Temettu.) The third comprises those who may have sufficient land for their subsistence yet, being well off and doing business in other ways, leave their agricultural business to be carried on by their farm servants and employés. Temettu should be collected from these in proportion to their profits other than those derived from the cultivation of their lands.

Further, the Government has ruled that a man who carries on a lucrative business in addition to agriculture should be assessed for and pay Temettu on the profits derived from such business.

Gardeners are to be dealt with in the same manner as agriculturists.

* By an Order dated the 30th March, 1887, it has been laid down that this exception shall not apply to masons who are builders and contractors as well as masons.

PUBLIC DEBT.

PUBLIC DEBT.

Under an Annex to the Convention of 4th June, 1878, between Great Britain and Turkey theformer Power has undertaken to pay to the Porte annually a sum representing the excess of Revenue over Expenditure calculated on the average of the five years preceding the date of the Convention, excluding the produce of State and Crown lands let or sold during that period. The amount to be paid has been determined to be £87,686 per annum; this to be in addition to 4,166,220 okes of Salt to be paid in kind.

The sum of £113 11s. 3d. per annum has also become payable, under the same Annex, since the 4th September, 1884, when the Cyprus Government took over the administration of the Lighthouse Service in the Island. This sum represents 22% of the receipts of the Ottoman Lighthouse Administration which the Sublime Porte enjoyed under the concession granted the Company for lighting the Coast of Cyprus.

By a further Agreement of 3rd February, 1879, a further sum of £5,000 is to be paid annually to the Porte in respect of the produce of State lands.

A sum of £60,000 to be provided for by a loan has been expended on Irrigation, and £1,800 by way of interest and Sinking Fund is provided in the annual Estimates.

(a). In these Prisons there are Hospital Wards where sick prisoners are treated.

(b). Two natural deaths, three executions.

THESE QUESTIONS ARE TO BE FILLED UP IN RESPECT OF EACH PRISON IN THE ISLAND.

Questions.

I. If the prison is on the separate system, is the separation complete? And if not, what is the separation enforced by day and night respectively?

II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?

III. How many cells are there; and how many associated wards?

IV. Taking the *average* number of prisoners in gaol, how many cubic feet of space are there for each prisoner during the hours of sleep?

V. How are the prisoners classified?

Answers

The District Prisons are not on the separate system; no separation is enforced except as a punishment.

The Central Prison, Nicosia, is on the separate system.

VII. If so, (*a*) during what periods of imprisonment, (*b*) in respect of what classes of prisoners, (*c*) and during how many hours, is such penal labour enforced? In stating hours of treadwheel labour, give, first, the total time on and off at the wheel, &c.; secondly, the length of spells and intervals of rest.	See answer to question No. VI. (*a*).
